WARMONGER Vladimir Putin has been urged by India's PM to end his assault on Ukraine.

Narendra Modi told Mad Vlad to give up on trying to conquer his brave neighbour as he's "setting humanity back".

The outspoken Indian leader said: "We need to move from an endless war to the end of the war... to the cessation of hostilities.

"This is extremely important for all of humanity.

"We must resolve all problems through peaceful means."

He added: "Every day of war sets humanity back, whereas every step

taken towards peace fills humanity with new hope and enthusiasm. A peaceful resolution to all issues at the earliest is the call of humanity...

"The land of Gandhi and Buddha shares a single message: The path of peace."

A stern Putin replied: "Thank you very much, Mr Prime Minister.

"We are moving in that direction."

He spoke as Russia stepped up its attacks on Ukraine, with repeated strikes across the country.

The two leaders met at an international summit in Kyrgyzstan.
